

Product Technical Data Sheet

SND451 – Anti Oxidant Spray

- Easy spray application
- Retards oxidization of ink with regular use

Summary

SND451 is a suitably formulated anti oxidant spray, that when applied will reduce the oxidisation of inks, and in effect prevent them from forming a skin at the surface by keeping them fresher for longer.

Properties

Flashpoint (°C)	-39°C
State	Aerosol
Volume	400ml
Odour	Perfumed scent
UN Number	1950

Description of use

Apply by directly spraying onto inks. Can be sprayed on to the surface in-can or applied whilst in the duct.

Storage, Shelf Life and Health and Safety

- Store in temperatures not exceeding 30°C and not falling below 5°C!
- Store on either pallets or racking in order to protect from cold floors.
- If left unopened and kept in the correct conditions this product has a recommended shelf life of 12 months.

Labeling: GHS02: Flame
GHS07: Exclamation mark

Usage: Will not give rise to any significant hazard provided reasonable standards of industrial practice are maintained. Consult MSDS for further guidance.
