

## KOEHLER POSTER® *digital*

With Koehler Poster® *digital* your advertising will achieve decisive attention at outdoor advertising. This one-side coated quality was especially developed for the digital printing and thus perfectly suitable for small runs. The surface is particularly designed for solvent-, and latex-ink in the field of large sheets inkjet printing. Excellent printing properties and a high opacity promise a brilliant printing result.

Application: posters for outdoor advertising and billboards

Advantages:

- excellent runnability and printing results
- high opacity
- wood-free paper
- high wet strength
- excellent dimensional stability
- excellent folding characteristics
- high resistance against weather and pollution
- good light fastness
- recyclable, naturally decomposable

Standard grammage: 115 gsm

Color: white with blue back

Surface: matt

Delivery: reels (available in reel width 90 cm till 320 cm)

Printing methods: Inkjet printing (designed for solvent- and latex ink)

Further processing: folding, placarding, gluing

Minimum quantities: Please ask your Koehler FineTech Paper representative for order combination possibilities.
